Records in hand

- **My Dad (Clifford Trinklr) made visits Bea and Jim Patterson at their resort in southern Missouri and she was always mentioned as a cousin.**
- **Bea Johnson marries Jim Patterson date unknown.**
- **We have some photos that show Lizzie with a daughter Bea Johnson. Our assumption is that Buela is Bea and her name got changed to Johnson somewhere along the line. Not sure why she is not showing up in any census though.**
- **The 1910 Census is a little strange as it list the same family under Arthur Johnson instead of James Arthur Savage. All estimated ages are within the right period and his Mother Catherine Johnson is living with them so it appears as there is a name change. However, the 1918 Registration card still indicates Savage. They have four additional children, Marion 9, Iva 6, Arthur 3 and Jasper L. Johnson as 6/12th. We have pictures with information**

referring to Lizzie's name as Savage and Johnson. We also have pictures of Jasper L. Johnson with our other family members. Buella is not listed here and she would have only been 10.

- **12/6/1918 Lizzie is listed as James Savage's wife on his Registration card.**
- **1902 James Arthur Savage gets a divorce from Margaret Hilbert and marries Lizzie Trinkler and moves to Venice Ill.**
- **1900 census there is a Catherine Johnson listed as head of household and she has her son James Arthur Savage, Lizzie Trinkler and Lizzie's infant baby Buella 0/12 living with her. Lizzie is shown as 20 years old. Our assumption is that Lizzie is Louisa, however her given census age may be closer to her sister Christina Trinkler. But all ages are taken from census which are not always correct.**
- **No birth certificate but going by June 1900 census Buella Trinkler was 0/12 which means she was born within the month.**
