Records and/or assumptions

- **1860 census list Johanna Schneider living with Michel Schneider age 32, Catharina Schneider age 2, Christina Schneider age 0 and Catharina Trenkel age 32 from Bavaria. The ages differ from the passenger's list from the SS Empire City but this looks like Johanna with husband, two daughters and her sister Catharina.**
- **Record of marriage March 8, 1856 to a Michael Schneider in Saint Louis, MO**
- **Accounted for all passengers listed on the Empire City with exception of Gabriel and daughter Catharine .**
- **June 12, 1855 SS Empire City's passenger list shows a Gabriel and Margareta Trenkler family. With other records and some assumptions we believe the following:**
 - **Option 1; Gabriel and Margareta Trenkler were husband and wife with;**
 - **Son Johannes age 25 (listed as male but it appears that this should have been listed as female).**
 - **Son George age 21**
 - **Daughter Catharine age 18**
 - **Daughter in law Rosette Trenkler age 38.**
 - **Her daughter Christine age 10.**

- **Daughter in law Chatarine (Catherine) age 36.**
 - **Her son Carl (Charles) age 11.**
 - **Her daughter Christiane age 4**
- **Option 2; Gabriel and Margareta Trenkler were husband and wife with;**
 - **Daughter Johannes age 25.**
 - **Son George age 21**
 - **Daughter Catharine age 18**
 - **Sister in law Rosette Trenkler age 38.**
 - **Her daughter Christine age 10.**
 - **Sister in law Chatarine (Catherine) age 36.**
 - **Her son Carl (Charles) age 11.**
 - **Her daughter Christiane age 4**
- **Option 1 and 2 assumes that either Gabriel's brothers or older sons and went ahead of the family to find their new home in Saint Louis, MO. For this to be his sons, they would have had at least a 10 year span between these two that went ahead and the three that was with them.**
